FIG. 4B

FIG. 5A

FIG. 5B is a screenshot of a simpleTV interface. The interface is divided into several sections. At the top, there is a header bar labeled 514. Below the header, on the left side, is a vertical list of channel categories labeled 530, including 'news', 'sports', 'weather', 'entertainment', 'music', 'discovery', and 'nickelodeon'. The 'sports' category is currently selected. To the right of this list is a large video window labeled 540, which displays a live sports broadcast of a basketball game. Below the video window, there is a control bar labeled 520. This bar includes a 'sports WEATHER' logo on the left and a set of playback controls on the right, including a time display showing '00:00:00' and various navigation buttons (play, stop, previous, next, etc.). A label 516 points to the 'sports' category in the list.
